TANGER OUTLET CENTER REWARDS LOCAL SCHOOLS & STUDENTS WITH DONATIONS TOTALING \$10,925

San Marcos, TX, July 14, 2010....Before school let out for summer, the Tanger Outlet Center in San Marcos presented a welcomed gift to several area schools. As part of Tanger's 2009-2010 TangerBucks for Schools campaign, Tanger added a \$1,000 donation to each of the participating TangerBucks for Schools sales of coupon books with the goal of helping these local students and schools excel. Schools receiving donations include: San Marcos Baptist Academy, San Marcos High School, Goodnight Middle School, DeZavala Elementary and Miller Middle School.

"Nothing is more important in our community than giving our students the tools they need to reach their full potential," stated Michelle Carswell, General Manager. "Tanger is proud to help provide the much needed funds for materials and educational programs to help our schools and kids continue to succeed."

TangerBucks for Schools gave participating schools the opportunity to raise money with no strings attached. By being part of the TangerBucks program, these schools receive an equal share of proceeds from Tanger Coupon Books sold during the campaign period. Additionally, participating schools had the opportunity to raise even more money by hosting TangerBucks for Schools fundraising events during the school year retaining one-hundred percent of their proceeds. Nationally, schools across America received more than \$135,000 this year as part of the TangerBucks for Schools campaign.

“We appreciate the support that we receive from local businesses like Tanger Outlets,” said Carol Fernandez, educator and Gifted and Talented Facilitator at DeZavala Elementary. “DeZavala teachers and students greatly appreciate your friendship and the support that Tanger has provided De Zavala over the years. We used our funds to support our after school Garden Club with about 40 students in grades K-5 participating. We sowed our own seeds and grew some of our own plants. We planted some native plants, started a vegetable garden, an herb garden, a water garden, and a compost pile. Students kept a weekly journal about what they were learning. Everyone had a great time! As a result we are all enjoying the beautiful blooming flowers and the new birds that are attracted to our school grounds and we are ecstatic and thankful to Tanger for our outdoor learning program ”, said Ms. Fernandez.
